

Management Reporting

Management Reporting provides powerful data access and reporting tools for Infor VISUAL Enterprise and Infor VISUAL Financials, allowing you to easily analyze and manage enterprise and accounting data. You can easily build customized queries and forms, define business graphics, and create complex cross-tabular reports. Additionally, the system's throughput management tools help you to pinpoint resource contention, or bottle-necks, to improve your shop floor schedules, increase on-time delivery and improve profit.

- Define queries, reports, and forms with an easy-to-use graphical interface and point-and-click technology.
- Use report templates to simplify report building.
- Analyze data with a variety of built-in features.
- Define business graphics quickly.
- Access secure, enterprise-wide data.
