

Infor VISUAL Project

If you are a project-based business or a professional services firm, Infor offers an Infor VISUAL Project solution that will have you managing with ease and accuracy. It's time for you to take advantage of features that unite your project managers with integrated data for capturing costs, maintaining contracts and projects, handling long lead-times, and delivering on-time complex projects.

Your project-oriented customers need complex goods built to specification and delivered within budget. Your project managers need real-time integrated tools to track revenues, expenses, and profitability. Project Management automates workflow, increases efficiency, and, most importantly, promotes customer satisfaction. This solution facilitates teamwork and encourages the exchange of information.

Project Management integrates with Infor VISUAL Enterprise to help you control project lifecycles with tools for:

- Project/Contract Administration, including flowing down of terms and conditions.
- Multiple Project Billing/Invoicing Methods, such as Milestone, Shipment, Progress, and Time and Materials.

- Multiple Project Revenue Recognition Methods, such as Cost Plus Earned Fee, Shipment, Percentage of Completion, and Milestone.
- Managing and controlling Complex Overhead Rates, including multi-year rates, waterfall burdening, and retro-active rate adjustment capability.
- Project Costing by Work Breakdown Structure, including Earned Value Reporting.
- Project Management and Project Control, including Budgeting and Estimate to Complete.
- Project Inventory Management, including MRP by Project, Commingling Options, Virtual Project Warehouses, and Customer-Owned Material Control.
- Project Profitability Tracking by Project and or Business Line.
- Project Funds Tracking.
- Bi-Directional Integration with Microsoft Project.
- Maintaining Accounting Records compliant with DCAA, FAR and CAS.
